

NORTH DAKOTA DEPARTMENT OF ENVIRONMENTAL QUALITY
PUBLIC NOTICE OF OPPORTUNITY TO COMMENT ON DRAFT PERMIT
FOR A SOLID WASTE MANAGEMENT FACILITY UNDER
THE NORTH DAKOTA SOLID WASTE MANAGEMENT RULES

FACILITY NAME: Mandan Inert Waste Landfill – Permit 0167

APPLICANT: City of Mandan
205 2nd Ave. NW
Mandan, ND 58554

BACKGROUND:

On April 18, 2022, the North Dakota Department of Environmental Quality (Department) received a permit application for modification and renewal for the Mandan Inert Waste Landfill facility.

The City of Mandan currently owns and operates an inert waste landfill facility, regulated under Permit 0167 on approximately 88 acres located in the NE1/4 of Section 35, Township 139 North, Range 82 West in Morton County, ND. The City of Mandan Inert Waste Landfill is proposing to modify their permit to expand the disposal area to the northeast of the current disposal cell. The facility was first permitted in 1994 as an inert waste landfill after the municipal waste landfill (SW-285), located west of the inert site, was closed.

The Department believes that a permit which meets the requirements of the North Dakota Solid Waste Management Rules and is protective of human health and the environment can be issued to the City of Mandan and has prepared a Draft Permit for public review and comment.

During that period, any interested person may submit written comments and request a public hearing by stating the nature of the specific issues to be raised.
